## **CLASSES OF MOTIONS – PISMO**

**Privileged Motions** are such as, while not relating to the pending question, are of so great importance as to require them to take precedence of all other questions, and, on account of this high privilege, they are undebatable.

**Incidental Motions** are such as arise out of another question which is pending, and therefore take precedence of and must be decided before the question out of which they rise; or, they are incidental to a question that has just been pending and should be decided before any other business is taken up.

**Subsidiary Motions** are such as are applied to other motions for the purpose of disposing of them.

**Main Motion** is a motion made to bring before the assembly, for its consideration.

**Other/Unclassified Motions.** Two main motions (to rescind and to ratify) and several motions which cannot conveniently be classified as either Main, Subsidiary, Incidental, or Privileged.
